

## Young Scientists' Camp 2011

Join us for an exciting half-day program that brings students, experienced teachers, future teachers and science specialists together for 2 weeks of hands-on exploration, discovery, and fun!

### When :

Monday, August 8 – Friday, August 19,  
8:30 AM – 12:00 PM

- There will be a Parent Orientation Night Thursday evening, August 4, 2011.
- Early drop-off (7:30 AM) is available for an additional cost.
- Other CSULB camps are available during the summer. Visit the website for dates and registration costs.  
<http://www.csulb.edu/programs/summer-camps/>

### Where :

Science laboratories on the campus of California State University, Long Beach

**Cost :** \$300 per student

\$25 sibling discount, CSULB employee discount *discount only applies with a paid registration (\$75 cancellation fee; No refunds after July 31<sup>st</sup>)*

Cost includes a camp t-shirt & lab book and science materials

# Young Scientists' Camp 2011

For students entering  
3<sup>rd</sup> – 8<sup>th</sup> grade

**August 8 – August 19**  
**8:30AM – 12:00PM**

Young Scientists Camp takes place in the science laboratories on the CSULB campus

**This year's theme: Life Science**  
**(with a little chemistry!)**

## ■ YOUNG SCIENTISTS' CAMP

If you're looking for something fun and interesting for your child to do this summer, Young Scientists' Camp is the place to be. Young Scientists' Camp is an exciting program for **kids entering grades 3-8**. It allows children to explore science concepts that go beyond the regular school year curriculum. Children have fun while learning about their natural environment.

Your child will participate in two weeks of investigation and discovery. He/she will complete hands-on science investigations, meet real scientists, and work in the college's science laboratories. Class-size is limited to ensure a student-teacher ratio less than 10:1.

Activities from nationally acclaimed science curricula linked with California science standards will help your children make the connections between science and the real world.

### Science Education Department at CSULB

The Department of Science Education at CSULB is strongly committed to improving the teaching and learning of science at all levels, from pre-school through university. In all its endeavors, the department maintains close ties with the teachers and schools of the greater Long Beach area.

## Life Sciences

### 3<sup>rd</sup> grade *Creepy Crawlers*

Come find out about some amazing animals – some fly, some crawl, and some even squirm! We'll see how they move, where they live and why they are so important to our world.

### 4<sup>th</sup> grade *Ecosystem Explorers*

Join us as we explore some of the Earth's different ecosystems and the living things who call them home. Explore the interactions between species and see what it takes to survive.

### 5<sup>th</sup>/6<sup>th</sup> grade *Life at the Edge of the Sea*

Come explore the environment and life at the sea's edge. Explore the abundance and diversity of marine life that thrive in this intense environment.

### 7<sup>th</sup> & 8<sup>th</sup> grade *Crime Solving Chemists*

Each year our middle school scientists become detectives to solve mysteries and bust crimes. In honor of the International Year of Chemistry we'll be focusing on chemistry to solve our mysteries. Join us again this year as we learn new techniques and solve new crimes.

**Our friendly and knowledgeable teaching staff will create a safe and enjoyable learning environment for your child. We make science fun! Young Scientists' Camp is a memorable experience that your child will never forget!**

## YSC Summer 2011

### Important Dates & Information

- **July 31<sup>st</sup>** last day to withdraw from camp and get a partial refund.
- **August 4<sup>th</sup>** Parent Orientation Night  
7:15-8:15 PM in room PH1- 140 (*optional*)
- **August 8-19** Camp  
Drop off at 8:15-8:30 AM • Pick up at noon
- **August 19<sup>th</sup>** Camp Open House  
10:45-12:00  
Visit the kids in the lab to see what they've been doing!

### Registration Confirmation

Registration confirmations will be sent via e-mail

### Drop-off/Pick-up Procedure

If you are late for drop off please walk your child to his/her classroom.

If you are late for pick-up you will find your child in HSC-277.

### Parking Information & Campus Map

Parking details, parent orientation information and a map of campus will be mailed to registered students in June.

### Updates

Updated information about drop-off/pick-up and parent orientation will be added to the website as it becomes finalized.

### Emergency Phone Number during camp:

(562) 985-4801 Science Education Dept.

*Young Scientists Camp is sponsored  
by CSULB Foundation*
